Grade 4 · Unit 3 · How Much Is It? · Time-Travel Money Quest (4-skills paper game quiz)

25 minutes · classes 4A and 4B · A1-A2 · one printed A4 sheet (2 pages) per pupil + eraser tokens + a smartboard for the timer and the listening

Lesson goal. Pupils show the four skills on one unit: they listen to the history of money and write the -ar words, find the "silly lies" in short history cards, match problems to solutions, write about saving and donating, and play a speaking board game in pairs. 25 coins in total (listening 6, reading 7, writing 6, speaking 6).
Book link. Global Readings, Unit 3 "How Much Is It?", pp. 40-55: The History of Money (pp. 42-45) and The $100 Bill (pp. 48-53). Sound: ar (bartered, hard, card, park).
Words. bartered, hard, card, park, valuable, worth, belong to, return, pocket, expensive, restaurant, money is tight, save, donate
Language. How much is it? · It is $95. That is expensive! · They bartered a goat for grain. · There is no way to return it. · I should save the money.
Open. https://maysaaaam-rgb.github.io/who-stole-the-treasure/unit3-money-mission/quiz-4skills.html (print page 1 and 2 only; the buttons on the top of the screen do not print: timer, listening, green-pen answers, teacher script and key)
Prepare. Print one A4 sheet (two pages) for every pupil. Check the sound of the smartboard. Put the timer on 25 minutes. Pairs for the speaking game; a small eraser or a coin as a game token for each pair.

Min	Step	Teacher	Pupils	Tip
0-5	**Skill 1: Listening and -ar phonics**	Press "Play All Listening (A1-A2)". Each of the six items is played twice (or read the Teacher Listening Script yourself, twice).	Circle picture A or B and write the missing -ar word (bartered, hard, card, park). Tick who said the two quotes (Jodie, Dad).	Pause the recording when the class is slow: press Stop and play the item again.
5-12	**Skill 2: Reading Detective**	Pupils work alone. Walk round and do not give the answers.	Game B1: circle TRUE or LIE and circle the word that fixes each silly history card. Game B2: write the matching solution letter (A, B or C) in each gold coin.	Common mistake: pupils circle the right word but forget TRUE/LIE. Remind them to do both.
12-18	**Skill 3: Creative writing**	Pupils fill the saving jar, the donating jar, the 2099 money idea and the two comic panels.	Use words from the box: save, buy, gift, valuable ... Draw the 2099 money quickly (10 seconds).	Any sensible completion gets the point. Praise ideas, correct spelling later.
18-25	**Skill 4: Speaking board game**	Pairs play Rock-Paper-Scissors. Win = move 2 spaces, lose = move 1. On each space they ask and answer aloud. Walk round, listen and stamp.	Say the question and the answer on every space (How much is the black phone? It is $95. That is expensive!). Tick the coins.	Give the Teacher Stamp or bonus for clear pronunciation. Every pair finishes at least four spaces.

Support. Point to the pictures; let the pair read the sentence together first; give the -ar word box (bartered, hard, card, park); let weaker writers draw and say.
Stretch. Write a full sentence with because in every comic panel; explain why the money changed; invent a second kind of 2099 money.
Check learning. Press "Reveal Answers (Green Pen)" on the smartboard and let the class mark their own sheet with a green pen, or use the key on page 3 of the teacher guide (Teacher Script and Key). Add up the 25 coins.
Answers in short. Listening: 1 A + bartered, 2 B + hard, 3 A + card, 4 A + park, 5 Jodie, 6 Dad. Reading: 1 LIE + difficult, 2 TRUE + worth, 3 LIE + easier, 4 LIE + save; dominoes: problem 1 = B, 2 = C, 3 = A.
Facts. Dates and events come from the checked Unit 3 notes (The History of Money timeline and The $100 Bill story).
