Lesson 2: Time Capsule Mission

Outcomes. Students will be able to:

- name the objects in the time capsules from the reading
- complete a message to the people of the future
- find and spell Unit 5 words
- put words in order to make a sentence
- sort words into places, sounds and things we can touch, and match opposites (past – future)

Materials:

- Smartboard game "Time Capsule Mission" (5 activities with voice)
- Printed worksheet: capsule message, word search, sentence scramble, sorting table, opposites
- Magic Book pp. 82–86 to check the capsule objects · a small box as the class time capsule

Lesson stages (35 minutes):

Min	Stage	Teacher	Pupils
8	Time Capsule Message (pp. 82–85)	Show the object pictures. Ask: "What was in the time capsule?" Then model the message: "Hello, people of the future! I want you to know about…"	Pupils choose the right pictures, complete the message and sign it with their name; two pupils read it aloud.
6	Word Search	Show the grid and the word list (Earth, wind, coins, past, future, capsule, message, ancient).	Pupils find and circle the words; the first team to find all gets a point.
7	Sentence Scramble	Show the word tiles (a / This / time capsule / is). Model the first one.	Pupils write the sentences; a volunteer orders the tiles on the board.
7	Word Sorting	Three baskets: Places / Sounds / Things We Can Touch. Example: Earth → place, wind → sound, coins → touch.	Teams sort the words, then say: "Coins are things we can touch."
5	Opposites Matching	Model: past – future.	Pupils match old – new, ancient – modern, loud – quiet, open – close, day – night.
2	Exit	Ask: "What do you want to put in a time capsule?"	Pupils answer: "I want to put … in it."
35	Total		

Teacher notes:

- Check the list of capsule objects against pp. 82–85 before the lesson and change the game and worksheet if needed.
- Keep the pupils' messages in the class box as our own time capsule.

Assessment: observation during the team games, the worksheet answers and the exit question; note pupils who need the words again in the next lesson.
