Grade 3 · Unit 4 · What Happened? · Case File 1 & Case File 2 (The Mona Lisa Mystery)

2 × 35 minutes (Case File 1 & Case File 2) · classes 3A and 3B · A1 · one smartboard + mini whiteboards + book pp. 56–64

Lesson goal. In Case File 1, pupils guess and share ideas about the Statue of Liberty head (I think… / We think…), compare two museum pictures (In picture one… In picture two…), learn five detective words with part-of-speech badges (plan = NOUN, steal = VERB, lifted = PAST VERB, robbery = NOUN, arrested = PAST VERB), build past verbs in the Past-Tense Machine (+ed and 3 special cards: take→took, hide→hid, find→found), and order the robbery timeline (First, Then, After that, Finally). In Case File 2, pupils act out the full Mona Lisa story (1911–1913), write breaking-news headlines (Madrid, Tokyo, New York), play the Detective Quiz Show, debate in Four Corners, and draw the museum worker's two faces (scared / happy).
Book link. Global Readings 2, Unit 4 "What Happened?", pp. 56–64: Unit Opener & Think, Pair, Share (pp. 56–57), Words in Context (p. 59), Nonfiction Reading "Where Is She?" (pp. 58–63), Explore the Reading & Think and Discuss (p. 64).
Words. plan (noun), steal (verb), lifted (past verb), robbery (noun), arrested (past verb), lined up (past verb) · Regular past (+ed): walked, wanted, lifted, called, arrested, painted · Irregular past: took, hid, found
Language. I think it is in the park for decoration. · We think it is a new decoration. · In picture one, there is one man. In picture two, there are many people. · Peruggia walked into the museum. He lifted the painting. He hid in a small room. · First… Then… After that… Finally…
Open. https://maysaaaam-rgb.github.io/who-stole-the-treasure/unit4-g3-lessons/index.html?lesson=1 (Case File 1) · https://maysaaaam-rgb.github.io/who-stole-the-treasure/unit4-g3-lessons/index.html?lesson=2 (Case File 2 — or switch live using the Case 1 / Case 2 tabs in the top bar)
Prepare. Divide the class into 4 detective teams (Foxes, Owls, Cats, Wolves). Explain the top HUD Case File clue bar (20 clues = Case Solved!) and team score buttons. Have mini whiteboards ready for the Newspaper Race and a clear walking path for Sneak to the Mona Lisa.

Min	Step	Teacher	Pupils	Tip
C1 · 0–6	**Step 1: Open the Case & Think, Pair, Share (pp. 56–57)**	Show the Statue of Liberty head on the smartboard. Press "Read the question" and start the 10-second Pair timer. Tap buttons 1, 2, 3 to model the book options. Press "+1 clue" when pairs share.	Look at the statue. Think for 10 seconds, tell a partner ("I think it is for decoration."), then share with the class ("We think…").	Every shared full sentence adds +1 clue to the class Case File bar and +1 to the pupil's team in the top bar.
C1 · 6–11	**Step 2: GAME — Spot the Changes (p. 57 E)**	Show the side-by-side museum scenes: Picture 1 (1911) and Picture 2 (Today). Call pupils to tap the 5 numbered orange hotspots (1–5) on the pictures.	Compare Picture 1 and Picture 2. Tap a hotspot (1. People, 2. The painting, 3. Phones, 4. The man, 5. The mood) and repeat: "In picture one… In picture two…".	Both the picture hotspots and the bottom text buttons work. Each discovered difference awards +1 clue.
C1 · 11–17	**Step 3: Case Words + Mime It (p. 59)**	Tap the 5 word cards (plan, steal, lifted, robbery, arrested) and point out the NOUN / VERB / PAST VERB badges. Run the Clue Game, then press "Mime card" for a volunteer to act out.	Tap and repeat each word and sentence. In Mime It, one pupil acts out the secret word silently while their team guesses the word in English.	Press "Reveal the word" and "Guessed (+1 clue)" to celebrate each team's guess.

C1 · 17–22	**Step 4: Past-Tense Machine (Grammar Prep)**	Teach before testing! Tap "Join +ed" and the 6 regular verbs (walk, want, lift, call, arrest, paint) so pupils see the golden +ed block snap on. Then switch to "2. Special Cards" and flip take→took, hide→hid, find→found.	Watch the golden +ed block join each verb and chant "walk → walked, lift → lifted". Then flip the 3 special cards and repeat "take → took, hide → hid, find → found".	Doing this 5-minute visual step right before the games makes the past-tense quiz easy and confident for every pupil.
C1 · 22–27	**Step 5: GAME — Sneak to the Mona Lisa (TPR Movement)**	Line up 1 pupil per team at the back of the room. Press "Start the round". The board switches between GREEN (Tiptoe!) and RED (Freeze! The guard is looking!).	Tiptoe forward when the guard turns around. Freeze like a statue when the guard looks! First pupil to reach the board says: "I took the painting!" (+2 points).	If a pupil moves on red, press "Caught!" — they say "I am arrested!" with zero point deduction and try again.
C1 · 27–32	**Step 6: GAME — Past-Tense Detectives (Quiz)**	Teams take turns across 8 past-simple sentences from the robbery story. Read the sentence aloud and let the team confer before tapping.	Read the sentence, talk with the team, and tap the correct past verb (walked, lifted, took, hid, arrested, found).	Wrong taps play a gentle soft chime and wobble with a kind hint (zero points lost). First try = +2 points, later try = +1 point.
C1 · 32–35	**Step 7: Timeline & Case Closed! (Podium + Door Pass)**	Teams tap the 4 story sentences in chronological order (First, Then, After that, Finally). Then press "Case Closed & Scores" to reveal the CASE SOLVED stamp, podium, and Door Pass.	Order the timeline (1503 painted → 1911 took → 1913 found), retell with First / Then / After that / Finally, and say one past sentence at the door.	Opening the last step directly also shows the full podium, clue count, and door pass.
C2 · 0–3	**Case 2 Step 1: Word Flash (pp. 59, 61)**	Switch to "Case 2" in the top bar. Press "Next card" and start the 5-second timer. Press "Reveal" and "+1 clue" when a team names the word fast.	Look at the picture (plan, steal, lifted, robbery, arrested, lined up) and shout the word before the 5-second timer ends.	Fast warm-up to recycle the 5 detective words plus "lined up".
C2 · 3–11	**Case 2 Step 2: Act Out the Robbery (pp. 58–63)**	Press the green story button through the 7 illustrated scenes of "Where Is She?". Pause at the prediction question ("Where is the Mona Lisa?") before revealing.	Listen like detectives, do the action for every scene, guess where Peruggia hid the painting, then open the book to p. 58 to follow the text.	Keep energy high by having the whole class mime lifting the frame, hiding in the small room, and cheering when the painting returns.
C2 · 11–15	**Case 2 Step 3: Newspaper Race (p. 61)**	Press "Breaking news" to cycle through Paris, Madrid, Tokyo, and New York. Start the 45-second timer. Press "Model headline" after teams share.	On mini whiteboards, write a short newspaper headline using missing, robbery, or police (e.g. "The Mona Lisa is missing!"), then read it aloud.	Award +1 clue for every team that reads a clear headline aloud.
C2 · 15–21	**Case 2 Step 4: GAME — Detective Quiz Show (p. 64 A)**	Run the 5 comprehension questions from page 64 A. Give each team 10 seconds to confer before tapping.	Talk in teams for 10 seconds, tap the answer, and say the full sentence aloud ("Peruggia wanted to steal a painting.").	First-try right answer earns +3 points and confetti; wrong taps wobble gently with a hint.

C2 · 21–26	**Case 2 Step 5: Four Corners Debate (p. 64 B)**	Read the big question: "Can someone steal a painting from a museum today?" Point to YES on one side of the room and NO on the other. Press "Pick a speaker".	Walk to the YES side or the NO side of the classroom. Tap and say a reason using the bottom sentence chips ("No, there are alarms and cameras!").	Physical movement + opinion speaking directly from p. 64 B.
C2 · 26–35	**Case 2 Steps 6–7: Draw the Two Faces & Case Closed! (p. 64 C)**	Start the 2-minute timer on Step 6 while pupils draw the museum worker's face (MISSING = scared, FOUND = happy) on p. 64 C. Run a quick gallery walk, then move to Step 7 for the Podium and Door Pass.	Draw the worker's scared face and happy face, show 3 classmates ("He is scared. / He is happy."), cheer at the podium, and answer one story question at the door.	Door pass: "What did Peruggia want to do?" or "Where did he put the painting?"

Support. Point to the NOUN / VERB / PAST VERB badge and picture; tap the yellow SAY chips at the bottom of the screen so pupils can echo the exact sentence; let partners whisper the answer together.
Stretch. Retell the full 4-step timeline from memory using First, Then, After that, Finally; give two reasons in the Four Corners Debate using "because".
Check learning. Listen to the Past-Tense Detectives choices, the Timeline retell, and the Door Pass sentence at the end of Case 1 and Case 2.
