Grade 3 & 4 · Monster Pet Vet Clinic (Easy 35-Min Whole-Class & Individual PPP Lesson)

1 × 35 minutes · 3A, 3B, 4A, 4B · CEFR A1 · Smartboard: halloween-pet-shop/index.html · Individual Worksheet: halloween-pet-shop/worksheet.html (Zero Group Work)

Lesson Design (Zero Group Work). Designed for calm, 100% teacher-led whole-class participation followed by a fast 8-minute individual "Circle & Say" worksheet. No group rearrangement, no long writing, and 3 short 5-word sentences per pet.
Target Grammar & 3 Easy Sentences. 1. It is a [black cat]. 2. It has a [sore tummy]. 3. Give it [fresh water]!
Core Vocabulary (Picture-Supported). Pets: black cat, purple bat, white ghost, pumpkin pet, skeleton dog, green spider · Problems: sore tummy, cold nose, sore throat, hurt paw, dizzy head, weak bones · Cures: fresh water, warm blanket, honey tea, soft bandage, soft pillow, warm milk.
Prepare. Open halloween-pet-shop/index.html on the smartboard. Print 1 copy per pupil of halloween-pet-shop/worksheet.html ("Circle & Say" sheet: pupils write only 1 pet name and circle pictures).

Min	Step	Teacher	Pupils	Tip
0–4	**1 · Warm-Up: Mystery Box**	Tap the class on the start screen. Read the 3 short picture clues aloud. Call 1 raised hand to tap the matching pet card on the smartboard.	Listen to the 3 clues, look at the pictures, raise a hand, and say: "It is a black cat!"	Soft-fail only: wrong tap gives a gentle hint and wobble, zero penalty.
4–11	**2 · Teach: 3 Easy Lines**	Show 4 pets on the board. Point to the 3 colour-coded lines (Yellow = Pet, Pink = Problem, Green = Cure). Press "🔊 Listen & Repeat" and "🕺 Act It Out!".	Choral repeat all together (5 words per line) and mime the problem (hold tummy, shiver, wrap paw).	Every word has a matching 3D picture card on screen.
11–18	**3 · Game 1: Symptom Check**	Smartboard mini-game: look at the pet and its problem badge. Call 1 pupil to tap the right 2-word picture button (e.g., "sore tummy").	Tap the matching 2-word picture button and say the 5-word sentence with the class.	Fast 1-tap turns so 8–10 pupils come to the board.
18–24	**4 · Game 2: Vet Cure Match**	Smartboard mini-game: look at the sick pet and tap the right 2-word cure picture button (e.g., "fresh water" or "warm blanket").	Tap the cure picture and say: "Give it fresh water!" together.	Award +1 star to the pupil's row/team after each heal.
24–32	**5 · Individual "Circle & Say" Sheet**	Hand out the 1-page worksheet (worksheet.html) and start the 8-minute board timer. Pupils work at their own desks (no group work).	Draw a pet, write 1 name word, and CIRCLE 1 pet + 1 problem + 1 cure picture.	Walk around and stamp stars on finished sheets.
32–35	**6 · 1-by-1 Show & Door Pass**	Call 4–5 volunteers to hold up their sheet and read their 3 circled lines using the big board prompt. Collect exit slips at the door.	Read the 3 circled words aloud: "It is a… It has a… Give it…"	Shy pupils can point to their 3 circles and say just the 2-word phrases.

Differentiation & Support. Every choice on the board and worksheet has a clear icon/picture and at most 2 words. Pupils only write their pet's 1-word name; all sentences are built by circling.

Assessment (Students will be able to…). Identify 6 pet health problems and 6 cures using visual cues, and produce 3 short A1 sentences ("It is a… / It has a… / Give it…") orally and on their individual sheet.
