Min	Step	Teacher	Pupils	Tip
0–3	**1 · Predict (🔮)**	Show Step 1 (Predict) on the smartboard: "Look at the Bad Guys! What do they want to do on Christmas morning?" Pupils vote for 1 of the 3 picture options.	Raise hands and say: "I think they want to rob the bank!"	No wrong answers in Predict — builds curiosity before pressing Play.
3–23	**2 · Watch & Answer (🎬 10 Auto-Pauses)**	Press Play on the movie. The video pauses automatically at 10 key scenes (or tap Q1–Q10 below the video). At each pause, read the question, let a pupil tap the picture answer, press " 🔊 Say it", and award +1 star.	Watch the movie, circle the matching answers on Part 1 of the worksheet, and repeat the full sentence aloud with the class.	Wrong tap = gentle hint + wobble, zero points lost. Use 🔁 -12s to replay a funny moment.
23–29	**3 · Retell the Story in Order (🧩)**	Move to Step 3 (Retell). Tap the 6 story cards on the smartboard in chronological order (1 to 6), then press " 🎬 Say the story".	Number Part 2 on the worksheet (1 to 6) and read the 6 story sentences aloud with the karaoke highlight.	Scaffolds: First, Then, Next, After that, Finally.
29–35	**4 · Circle & Say Aloud (🗣️)**	Move to Step 4 (Speak) and start the 90-second timer. Pupils complete Part 3 on their worksheet (circle 1 character, 1 feeling, and 1 action) and read their 3 easy lines.	Circle the words on Part 3 and say the 3 sentences aloud: "Look! It is Mr. Wolf. At first, the city is sad. The Bad Guys make presents and white snow!"	Award class XP on the Class Board at the end.

Support. English subtitles are built in (` 💬 Subtitles`), playback speed can be set to ` 🐢 Slow` (0.8x), and every option has a big emoji picture.
Assessment (Students will be able to…). Answer 10 visual comprehension questions during an authentic animated short film and retell the 6 main events using First, Then, Finally.
