Min	Step	Teacher	Pupils	Tip
0–3	**1 · Predict (🔮)**	Show Step 1 (Predict): "Look at Miles Morales! What super power can Spider-Man do?" Pupils vote on the 3 picture choices.	Say: "I think he can climb walls and jump high!"	Pre-teaches "climb walls" and "glowing spider" before the movie starts.
3–23	**2 · Watch & Answer (🎬 10 Auto-Pauses)**	Press Play. The movie stops automatically at 10 checkpoints (or click Q1–Q10 below the player). Call a pupil to tap the right picture answer, press " 🔊 Say it" for choral repetition, and give a team star.	Watch closely, answer the 10 checkpoint questions, circle Part 1 on the worksheet, and say each model sentence aloud.	Use Q1–Q10 buttons if you want to jump straight between key scenes in a shorter period.
23–29	**3 · Retell Miles's Story (🧩)**	Open Step 3 (Retell). Pupils help order the 6 story cards from Miles listening to music to climbing the building wall, then read all 6 lines with " 🎬 Say the story".	Write numbers 1–6 in Part 2 of the worksheet and read the story sequence aloud.	Reinforces story sequencing (First, Then, Next, Finally).
29–35	**4 · Circle & Say Aloud (🗣️)**	Open Step 4 (Speak) and start the 90-second timer. Pupils finish Part 3 on their worksheet (3 easy Circle & Say lines + quick sketch of Miles or the spider).	Read the 3 circled sentences aloud: "This is Miles. His dad is a police officer. A glowing spider bites his hand! Now he can climb walls and jump high!"	Collect sheets or stamp 3 stars at the door.

Support. All 10 questions focus on clear visual objects on screen (headphones, suitcase, police car, glowing spider on red shoe, walking on walls) so every A1 pupil can succeed.
Assessment (Students will be able to…). Describe what characters are doing and wearing, name places and jobs in the city, and express superhero abilities with "He can…".
