Grade 3 · Unit 3 · It Keeps Changing · Lesson 1: It Keeps Changing

35 minutes · classes 3A and 3B · A1 · one smartboard + mini whiteboards · Open: unit3-g4-lessons/index.html?lesson=1

Lesson goal. Pupils describe a picture (I see / I think / I wonder), say whether changes in nature are good or bad, compare the Arctic with their own town, and learn the words polar bear, ice, hole, melting, thin and crack.
Book link. Book pp. 40-41 (unit opener: the pink river; See, Think, Wonder; the snowy house).
Words. change, ice, polar bear, Arctic, melting, thin, crack, fishing hole, fishing rod
Language. I see … · I think … · I wonder … · It is a good / bad change because … · In the Arctic there is …, but where I live there is … · Both … and … have …
Prepare. Print the Cards page: GOOD / BAD signs. Mini whiteboards and markers for each team. One smartboard (the game is played by teams in turns).

#	Step	Time	Mode	Pupils do	Teacher tips
1	**The Pink River**	3 min	🤔 Think	• 👀 Look at the picture • 🤔 Think: why is the water pink? • ❓ Ask a question: I wonder… **Say:** I see a lot of pink. · There's paint in the water. · Is it juice?	Book link: p.40 unit opener (a person pours pink colour into a river) and p.41 A-C "See, Think, Wonder" (I see a lot of pink. There's paint in the water. Is it juice? What is he doing?). Press the button for each question. Accept all ideas: paint, juice, a science test. Do NOT give the answer. The book does not explain the photo; it is a hook for the unit "It Keeps Changing". Show the five missions at the end.
2	**Good Change or Bad Change?**	5 min	🚶 Move	• 👀 Read the card • 🚶 Walk to GOOD or BAD • 🗣️ Say why: It is bad because … **Say:** It is a good change. · It is a bad change because …	Book link: p.41 D "What good and bad changes in nature do you know about?" Print the two corner signs from the Cards page (GOOD and BAD). Pupils walk, then give a reason with "because". Ask pupils to add their own changes (the seasons, a baby growing, a river drying).
3	**The Arctic and My Town**	6 min	🗣️ Talk	• 🤝 Tap a pair with your partner • 🗣️ Say it: In the Arctic … but where I live … • ✅ Is it true for your town? Say yes or no **Say:** In the Arctic there is … · but where I live there is … · Both … and … have …	Book link: p.41 E "Look at this picture (a house in the snow). Compare and contrast this setting to where you live." Compare means find what is the same; contrast means find what is different (p.47). Press Model it. Tap a pair: the board says a sentence. Pupils decide with their partner whether it is true for their own town and change the second half if it is not.

					Use Both: "Both the Arctic and my town have wind." Support: point and say two words. Stretch: add "because".
4	**A Visit to the Arctic**	8 min	🎭 Act it out	• 🧍 Stand up and do the action • 🗣️ Repeat after the teacher (echo) • 🤔 At the 🤔 part: talk with your partner **Say:** It is very cold. · The ice is melting. · We can help.	Book link: preparation for the poem on pp.42-45 and the unit idea "How can we make good changes in our world?" (p.55). The man, the polar bear and the thin ice are introduced here. Pupils do each action first, then you press the next part. Watch the ICE bar go down when the winters get warmer. At the 🤔 part pupils guess what happens to the ice. Do not read the poem yet. Pupils meet "The Bear and I" in Lesson 2.
5	**GAME: Arctic Memory**	10 min	🎮 Game	• 🃏 Flip two cards • 🗣️ Say the word every time • 🤝 Match the picture and its word **Say:** This is a polar bear. · The ice is melting. · It is a pair!	Book link: vocabulary from pp.40-45 (polar bear, ice, hole, melting, thin, fishing rod, crack, the Arctic). It pre-teaches the six Words in Context of Lesson 2. The team in turn chooses two cards (the whole team shouts a number, one pupil taps). The board says the word each time a card turns over. A pair = 2 points and the team goes again. A wrong pair turns back and the next team plays. Eight pairs are on the board. When all are found the winner is shown. Press Play again for a new shuffle.
6	**Change Makers**	3 min	🤔 Think	• 🏆 Cheer for every team • 🚪 Door pass: one change in nature **Say:** The ice is melting. · Plants grow.	Show the scores and cheer for everyone. At the door each pupil says one change in nature in English (for example "Plants grow" or "The ice is melting"). It is a quick check for you.

Support. Point to the picture and say two words; use the sentence frame "In the Arctic there is …"; partner helps in the memory game.
Stretch. Give two reasons with because; compare three things (Both … and …); say how we can help.
Check learning. Door pass: each pupil says one change in nature (good or bad). Give a team point for every correct team, not only the fastest.

Grade 3 · Unit 3 · It Keeps Changing · Lesson 2: The Bear and I

35 minutes · classes 3A and 3B · A1 · one smartboard + mini whiteboards · Open: unit3-g4-lessons/index.html?lesson=2

Lesson goal. Pupils retell stanzas 1-4 of the poem The Bear and I, learn six words (hole, twice, enemy, thin, trap, melting), put the story in order and compare the man and the bear.
Book link. Book pp. 42-43 (Reading 1: The Bear and I, stanzas 1-4; Words in Context).
Words. hole, twice, enemy, thin, trap, melting · polar bear, fishing, hungry, giant, fur
Language. The bear was twice my size. · The bear was my enemy. · First … Next … Then … Last … · The man … but the bear … · Both … and …
Prepare. Print the Cards page: MAN / BOTH / BEAR signs. Mini whiteboards and markers for each team. One smartboard (the game is played by teams in turns).

#	Step	Time	Mode	Pupils do	Teacher tips
1	**Who Is "I"?**	3 min	🤔 Think	• 👀 Look at the picture • 🤔 Guess with your partner • ✋ Tell the class **Say:** I think "I" is … · I think the bear is …	Book link: p.42 "The Bear and I" (Fiction, a poem). The book asks "How many stanzas does this poem have?" (a stanza is a group of lines in a poem; the poem has 8 stanzas, 2 on each page). Accept all guesses. Do not read the poem yet. Show the five missions at the end.
2	**The Poem: Part 1**	7 min	🎭 Act it out	• 🧍 Stand up and do the action • 🗣️ Repeat after the teacher (echo) • 🤝 At the end, retell it to a partner **Say:** I fish through a hole. · The bear was twice my size. · The bear was my enemy.	Book link: pp.42-43, stanzas 1-4 (the man from a land of wind and cold, his fishing hole, the giant arctic bear twice his size, the bear as his enemy). The lines here are retold in simple words, not copied. Pupils do each action, then you press the next part. At the 🤔 part pupils guess what is near the fishing hole. Press Reveal. After the story, read the real poem from the book with the class (pp.42-43).
3	**Word Detectives**	6 min	🔍 Detective	• 👀 Look at the word card • 🤔 Guess the meaning with your partner • 🗣️ Say the word and the sentence **Say:** hole · twice · enemy	Book link: p.43 "Words in Context": hole, twice, enemy, thin, trap, melting ("Find these words in the reading. What do you think they mean?"). Thin, trap and melting come back in stanzas 5-8 (next lessons). Tap a card: the board says the word, the meaning and an example sentence. Pupils guess first. Then press Clue game: pupils say the missing word.

4	**Put the Story in Order**	4 min	🤔 Think	• 🤝 Talk with your team • ✍️ Write 1-2-3-4 on the mini whiteboard • ⬆️ Hold it up at 0 **Say:** First … · Next … · Last …	Book link: pp.42-43 (order of events in stanzas 1-4). Teams order the four cards on their whiteboards. Show the order, then practise First / Next / Then / Last. Give a point to every team that is correct.
5	**Man or Bear or Both?**	4 min	🚶 Move	• 👀 Read the card • 🚶 Walk to MAN, BOTH or BEAR • 🗣️ Say the sentence **Say:** The man … · The bear … · Both … and …	Book link: p.47 "Compare and Contrast" (compare the bear and the man: eats fish, is big and scary, lives in the Arctic, is hungry, falls in the water, lives in a house). Today pupils use only what they know from stanzas 1-4. Print the three corner signs from the Cards page. Pupils walk, then say the sentence. Reward the sentence, not only the corner.
6	**GAME: Ice Escape**	8 min	🎮 Game	• 👂 Listen to the question • 🗣️ Talk with your team, then answer • 🏁 Be the first team to the end of the ice **Say:** I think it is … · The answer is …	Book link: pp.42-43 (Words in Context and the facts of stanzas 1-4). Questions are mixed: words and understanding. Teams take turns. The team talks for 10 seconds, then one pupil taps the answer. Right answer = one step and 1 point. A wrong answer cracks the ice but nobody loses points. The first team to the flag gets +3, the second +2, the third +1. Press Next team after each answer. Skip a question that is too hard. At the end the winner is shown.
7	**The Ice Escape Ceremony**	3 min	🤔 Think	• 🏆 Cheer for every team • 🚪 Door pass: one sentence about the man or the bear **Say:** The bear was twice my size. · The man fishes through a hole.	At the door each pupil says one sentence about the man or the bear (for example "The bear is hungry."). Next lesson: stanzas 5-8, when the ice gets thin.

Support. Retell with the pictures and one word per stanza; use "First … Next …" frames; whisper the answer to the team first.
Stretch. Retell without pictures; add "because" (The bear was his enemy because it was hungry); predict stanzas 5-8.
Check learning. Door pass: one sentence about the man or the bear. Give a team point for every correct team, not only the fastest.

Grade 3 · Unit 3 · It Keeps Changing · Lesson 3: The Ice Cracks

35 minutes · classes 3A and 3B · A1 · one smartboard + mini whiteboards · Open: unit3-g4-lessons/index.html?lesson=3

Lesson goal. Pupils retell stanzas 5-8 of the poem (thin ice, they fall in, the trap, danger and hope), use cause and effect (so / because), learn six poem words and say how they can help the world.
Book link. Book pp. 44-45 (Reading 1 continued: The Bear and I, stanzas 5-8); p.55 B (how can we make good changes?).
Words. crack, swim, together, danger, hope, once more · thin, trap, melting
Language. The ice is thin, so it cracks. · It cracks because it is thin. · They are in the trap together. · I can … because …
Prepare. Mini whiteboards and markers for each team. One smartboard (the game is played by teams in turns).

#	Step	Time	Mode	Pupils do	Teacher tips
1	**Remember the Poem**	3 min	🤔 Think	• 👀 Look at the pictures • 🤔 Whisper to your partner: what do you remember? • ✋ Tell the class **Say:** The man is from … · The bear was his enemy.	Book link: recap of stanzas 1-4 (pp.42-43) before stanzas 5-8 (pp.44-45). Press the button for each question. Accept one-word answers and sentences. Show the six missions at the end.
2	**The Poem: Part 2**	7 min	🎭 Act it out	• 🧍 Stand up and do the action • 🗣️ Repeat after the teacher (echo) • 🤝 At the end, retell it to a partner **Say:** The ice is thin. · They are in a trap together. · The ice is melting.	Book link: pp.44-45, stanzas 5-8 (warm winters, thin ice, they fall in, a trap of ice and sea, the bear is not his enemy, things change, danger, the ice is melting, he hopes to see the bear once more). The lines are retold in simple words, not copied. Watch the ICE bar go down. At the 😟 part pupils guess what happens when the ice is thin. Press Reveal. After the story, read the real stanzas 5-8 from the book with the class. The book asks: "Why do you think the ice was a trap?" (p.44) and "Does the man change his mind about the bear?" (p.45).
3	**Six Poem Words**	5 min	🔍 Detective	• 👀 Look at the word card • 🤔 Guess the meaning with your partner • 🗣️ Say the word and the sentence **Say:** crack · together · danger	Book link: stanzas 5-8 on pp.44-45 (crack, swim, together, danger, hope, once more). "Thin", "trap" and "melting" were Words in Context on p.43 and come back here. Tap a card: the board says the word, the meaning and an example. Then press Clue game: pupils say the missing word.

4	**Cause and Effect**	5 min	🤔 Think	• 🤝 Talk with your team • ✍️ Write 1-2-3-4-5 on the mini whiteboard • 🗣️ Say: ..., so ... **Say:** The ice is thin, so it cracks. · It cracks because it is thin.	Book link: stanzas 5-6 (pp.44) and the Think Together cause and effect idea on p.55. Teams order the five cards. Show the order, then practise the frame with "so" and "because". Give a point to every team that is correct.
5	**GAME: Cause and Effect Pairs**	9 min	🎮 Game	• 🃏 Flip two cards • 🗣️ Read the card out loud • 🤝 Match the cause and its effect **Say:** ... , so ... · ... because ...	Book link: stanzas 5-8 (pp.44-45). Pairs: warm winters → thin ice; thin ice → it cracks; it cracks → they fall in; difficult to swim → a trap of ice and sea; they help each other → the bear is not his enemy; the ice is melting → danger. The team in turn chooses two cards (the whole team shouts a number, one pupil taps). The board reads each card. A pair = 2 points and the team goes again. A wrong pair turns back and the next team plays. Six pairs. When all are found the winner is shown. Ask for a sentence with "so" for every pair.
6	**How Can We Help?**	4 min	🗣️ Talk	• 🤔 Think: how can I help? • 📋 Tell the teacher your vote • 🗣️ Say: I can ... because ... **Say:** I can ... because ...	Book link: p.55 B "What changes can you make to keep our world clean?" with the frames "I can clean up trash because trash is a danger for animals." and "I can ride a bike to school because bikes don't make the air dirty." Tap an idea once for each pupil's vote. Ask two or three pupils to say a full sentence with "because". There is no wrong answer.
7	**The Ice Ceremony**	2 min	🤔 Think	• 🏆 Cheer for every team • 🚪 Door pass: one sentence with because **Say:** The ice cracks because it is thin.	At the door each pupil says one sentence with "because" or "so" about the ice, the bear or the man. Next lesson: explore the poem (True/False, stanza questions, -ng sound, friends or not).

Support. Use the pictures; start the sentence for them (The ice is thin, so ...); partner whispers the answer first.
Stretch. Chain three causes in one sentence; predict what happens to the bear next; two reasons with because.
Check learning. Door pass: one sentence with "because" or "so" about the ice, the bear or the man. Give a team point for every correct team, not only the fastest.

Grade 3 · Unit 3 · It Keeps Changing · Lesson 4: Explore the Poem

35 minutes · classes 3A and 3B · A1 · one smartboard + mini whiteboards · Open: unit3-g4-lessons/index.html?lesson=4

Lesson goal. Pupils decide if sentences about the poem are true or false, say -ng words, find the stanza with the answer, give an opinion with a reason, compare two things and perform the poem.
Book link. Book pp. 46-47 (Explore the Reading: True/False, questions with stanza numbers, friends or not, Phonics -ng; Compare and Contrast).
Words. stanza, sing, long, spring, young, fishing, morning, friends, compare, contrast, both
Language. It is false because … · I think they are (not) friends because … · The red car is …, but the white car is … · Both … and … · The answer is in stanza …
Prepare. Print the Cards page: TRUE / FALSE signs. Pupils keep their books open at pp.42-47. One smartboard (the game is played by teams in turns).

#	Step	Time	Mode	Pupils do	Teacher tips
1	**True or False?**	4 min	🚶 Move	• 👀 Read the sentence • 🚶 Walk to TRUE or FALSE • 🗣️ Say why: It is false because … **Say:** It is true. · It is false because …	Book link: p.46 A "Read and write True or False." (1 False, 2 True, 3 False, 4 True, 5 False). Print the two corner signs from the Cards page (TRUE and FALSE). Pupils walk, then correct the false sentence. Pupils then write the answers in their books.
2	**The -ng Sound**	5 min	👂 Listen	• 👂 Listen to the word • 🗣️ Say it after the board • 👆 Tap the words that end with -ng **Say:** sing · long · spring	Book link: p.46 Phonics -ng: "Listen and say. sing, long, reading, bang, spring. Now find more words ending with -ng in the reading." (young, fishing, morning, melting, changing, getting, living). Say each word first: the -ng is one sound at the back of the mouth, with no hard "g" at the end. Tap a word: the board says it. -ng words turn green; other words turn grey. Turkish speakers often add a hard "g" (sin-g). Practise a nasal "ng" with a hum.
3	**GAME: Stanza Detective**	9 min	🎮 Game	• 👂 Listen to the question • 📖 Find the answer in the poem with your team • 🔢 Tap the number of the stanza **Say:** The answer is in stanza … · I think it is stanza …	Book link: p.46 B "Read and answer. Then write the number of the stanza where you can find the answer." (Where is the man from? stanza 1; How big is the polar bear? stanza 3; Why is the ice thin? stanza 5; Why are they in the water? stanza 5; What does the man hope? stanza 8). Pupils keep the books open at pp.42-45. Teams take turns: right stanza = 2 points, wrong = the next team can steal for 1 point. Eight questions are chosen from ten.

					After the last one the winner is shown. Press Play again for a new set.
4	**Are They Friends?**	5 min	🗣️ Talk	• 🤔 Think: friends or not? • 📋 Tell the teacher your vote • 🗣️ Say: I think … because … **Say:** I think they are friends because … · I think they are not friends because …	Book link: p.46 C "Think and discuss. Do you think the man and the bear are friends at the end of the poem? Why or why not?" with the frame "I think they're not friends because the bear takes his fish." Tap once for each pupil's vote. Ask pupils from each side to give a reason with "because". Reward the reason, not the side.
5	**Compare Two Cars**	4 min	🗣️ Talk	• 🤝 Tap a pair with your partner • 🗣️ Say: …, but … / Both … • ✍️ Circle the same, underline the different **Say:** The red car is …, but the white car is … · Both cars have …	Book link: p.47 B "Look and read. Circle things that are the same. Draw a line under things that are different. Compare with a partner." (the red car: red, four wheels, big, noisy, fast; the white car: small, fast, quiet, white, four wheels). Compare = same, contrast = different (p.47). Pupils do p.47 B in their books, then tap pairs to check. Model "The red car is big, but the white car is small." and "Both cars have four wheels."
6	**Perform the Poem**	6 min	🎨 Create	• 👥 Each group gets one stanza • 🗣️ Say it clearly with actions • 👏 Everybody joins the last line **Say:** For the bear and I.	Book link: pp.42-45, all eight stanzas of The Bear and I. Tap a stanza number: the board shows and reads a simple retelling. Each group first reads its REAL stanza from the book, then performs it with actions. Give a team point for clear voices and good actions. If the class is small, groups may take two stanzas. If time is short, perform stanzas 5-8 only.
7	**Poets' Ceremony**	2 min	🤔 Think	• 🏆 Cheer for every team • 🚪 Door pass: a word that ends with -ng **Say:** sing · long · spring	At the door each pupil says one word that ends with -ng (sing, long, spring, young, fishing, morning, melting, changing). Next lessons: Reading 2, Clean Cars (pp.48-55).

Support. Point to the stanza first; use the sentence frames; group performance with one line each.
Stretch. Correct every false sentence; give two reasons; perform without the book.
Check learning. Door pass: say one word that ends with -ng. Give a team point for every correct team, not only the fastest.

Grade 3 · Unit 3 · It Keeps Changing · Lesson 5: Clean Cars

40 minutes · classes 3A and 3B · A1 · one smartboard + mini whiteboards · Open: unit3-g4-lessons/index.html?lesson=5

Lesson goal. Pupils name the five kinds of cars (gasoline, biofuel, electric, air, solar), say what energy each car uses, describe cars with fast, slow, noisy, quiet, clean, dirty and expensive, find the cars that make the air dirty, and say which clean car they like and why.
Book link. Reading 2: Clean Cars (pp.48-53), p.54 (label the cars, good and bad things, main idea, favourite car) and p.55 Think Together
Words. gasoline, biofuel, electric, air, solar, energy, oil, electricity, noisy, quiet, clean, dirty, fast, slow, expensive, wheels
Language. A … car uses … · … cars are …, but … · Clean cars are one way to have a clean world. · I like the … car because it is …
Prepare. Mini whiteboards and markers for each team. One smartboard (the games are played by teams in turns). No printing is needed: the five car pictures are in the lesson.

#	Step	Time	Mode	Pupils do	Teacher tips
1	**Five Kinds of Cars**	4 min	🤔 Think	• 👀 Look at the car • 🗣️ Say the name before you tap • 🔊 Listen: This is a … car **Say:** This is a gasoline car. · This is an electric car. · This is a solar car.	Book link: pp.48-53 Clean Cars (gasoline, biofuel, electric, air and solar cars) and the car pictures on p.54 A. Ask “What kind of car is it?” before you tap each card. Pupils guess first. The board then says the name. Accept any attempt; the real names are gasoline, biofuel, electric, air, solar. Say a / an: a gasoline car, a biofuel car, an electric car, an air car, a solar car.
2	**Match the Car and Its Symbol**	5 min	🗣️ Talk	• 🚗 Tap a car • 🔎 Think: which symbol is its energy? • 🔗 Tap the symbol. Say the sentence **Say:** A solar car uses energy from the sun. · An electric car uses electricity. · A gasoline car uses gasoline.	Book link: p.49 “Gasoline comes from oil in the ground”, “use … for energy”; p.50 biofuels come from plants like corn; p.51 electric cars use electricity; p.52 air cars use air; p.53 solar cars use energy from the sun. Symbols: ⛽ gasoline, 🌽 plants (corn) for biofuel, ⚡ electricity, 🌬️ air, ☀️ the sun. The symbol has no label until pupils match it. A right match says the full sentence, repeat it together. Pupils can work as teams: one pupil taps the car, a partner taps the symbol.
3	**The Five Doors**	6 min	🔍 Detective	• 🚪 Tap a door • 👂 Listen to the clue • 🤔 Choose the car with your team **Say:** I use gasoline. I am fast, but I am noisy. · It is an	Book link: pp.49-53 and p.54 B “Good things / Bad things” (gasoline: fast, noisy, dirty; biofuel: fast, very noisy; electric: fast, quiet, clean, expensive; air: quiet, clean, small, slow; solar: not noisy, not dirty, can be expensive).

				electric car.	The clues use the book's words (fast, noisy, quiet, clean, dirty, expensive, small, slow). Let the team talk for 10 seconds, then one pupil taps the answer. A wrong answer turns red; the clue can be read again. Give a point to the team that answers first.
4	**GAME: Find the Right Energy**	9 min	🎮 Game	• 🚗 Look at the car • ⚡ Choose its energy (talk with your team) • 🗣️ Say: A … car uses … **Say:** An electric car uses electricity. · A solar car uses energy from the sun. · An air car uses air.	Book link: pp.49-53 (use … for energy; comes from …; Solar cars use energy from the sun p.53). Teams take turns. The team talks, then one pupil taps the energy. A right answer on the first try gives 1 point. Then everybody says the full sentence with the board (A / An + car + uses + energy). Eight cars in total. At the end the board shows the podium. "Play again" starts a new game.
5	**Help! Clean the City**	8 min	🚶 Move	• 📞 Listen to the call • 🔎 Find the cars that make the air dirty • 🌳 Tap them. Trees and flowers grow! **Say:** Gasoline cars make the air dirty. · The city is clean! · Clean cars are one way to have a clean world.	Book link: p.49 (gasoline cars make the air dirty; dirty air is bad for animals, plants and people and changes our climate), p.50 (biofuel cars: the air is a little dirty) and the ending on p.53 "Clean cars are one way to have a clean world." Link to the unit question on p.55: How can we make good changes in our world? Pupils answer the call, then come to the board and tap the cars that make the air dirty (gasoline and biofuel cars). Each dirty car disappears with its smoke and a tree or a flower grows. Clean cars (electric, air, solar) wobble and say "This car is clean". Ask: Why is the air dirty? (Gasoline cars make the air dirty.) What is one solution? (Clean cars.) When every dirty car is gone the sky turns blue and the city is clean.
6	**My Favourite Clean Car**	4 min	🗣️ Talk	• 🤔 Think: which clean car? • 📋 Tell the teacher your vote • 🗣️ Say: I like the … car because … **Say:** I like the solar car because it's fast and quiet.	Book link: p.54 D "Which clean car is your favorite? Why?" with the frame "I like the solar car because it's fast and quiet." Tap once for each pupil's vote. Pupils say the full sentence with because. Use words from the doors: quiet, clean, fast, small, slow, expensive.
7	**Clean Cars Ceremony**	2 min	🤔 Think	• 🏆 Cheer for every team	At the door each pupil says one sentence with because about a clean car (for example "I like the solar car

				• 🚪 Door pass: I like the … car because … **Say:** I like the electric car because it's quiet.	because it's quiet."). Next: p.54 A-C in the book (label the cars, the good/bad table, the main idea) and p.55 Think Together.

Support. Point to the picture and say the car name; use the frame "A … car uses …"; partner whispers the answer first.
Stretch. Say two good and two bad things about each car; explain why a car makes the air dirty; give two reasons with because.
Check learning. Door pass: each pupil says "I like the … car because it is …". Give a team point for every correct team, not only the fastest.

Facts and dates come from the checked Unit 3 notes (pupils' book pages). Pictures: emoji now; the classroom pictures are added as they are made.
