Grade 4 · Revision lesson 1 · Words and Writing (Units 1–4) · no new content

35 minutes · class 4B (also 4A) · A1 · one smartboard + paper · Friday 30 October 2026, 14:15

Lesson goal. Pupils bring back the words and sentence patterns of Units 1–4 and WRITE them: fill a gap, order words into a sentence, finish a sentence with because / so / but. Everybody works on paper at the same time, so nobody waits for the board.
Why this lesson. In the Units 1–4 quiz 4B scored lowest in writing (30%) and words (39%), and higher in listening (71%) and reading (63%). No new teaching.
Prepare. Print the pack (revision-pack/Grade4-Revision-1-Words-and-Writing-Pack.pdf): 1 writing sheet per pupil, answer cards (one per pupil, cut in 4), exit tickets (cut in 4). Open the Revision board (Command Center, 🔁 Revision) to see the suggested groups and pairs. Mini whiteboards are an alternative to answer cards.
Open. https://maysaaaam-rgb.github.io/who-stole-the-treasure/game-maker/index.html?set=smart-g4 then choose a game, choose Monsters = 4B, Answer cards = On, Remember first = On. Exit ticket: game-maker/index.html?exit=1.
Rules. Our Class Plan rules and the class traffic light (green on at the start). The bell means stop. The ladder is private: never show it to the class.

Min	Step	Teacher	Pupils	Tip
0–2	**Today**	Say: "Today we remember and write." Show the three steps. Light is green. Hand out answer cards and the writing sheet face down.	Sit, listen, cards on the desk.	Pairs: mix a stronger pupil with a weaker one (see the Revision board).
2–10	**Remember first (on the board)**	Press PLAY in Game Maker with Smart mix and Remember first. Look and say each sentence; cover and recall in pairs; three warm-up questions with answer cards.	Say it together, say it to the partner, write the missing word on the card, hold up the card on the warm-up.	Tap the class tally (All / Most / Half / A few / None) after each warm-up question.
10–22	**Write it (paper)**	Turn the sheets over. Support pupils do A (fill the gap with the word bank). Core pupils do B (put the words in order). Challenge pupils do C (finish the sentence with because / so / but). Fast pupils try the next star.	Write quietly in pairs: read your sentence to your partner.	Walk round. Read two good sentences aloud. Hand-up rule: one voice at a time.
22–30	**Play: answer-card game**	Smart mix game (Cannon or Race). Teams answer on the board, everybody holds up the card. Tap the class tally after each question.	Hold up the card with your letter on top; cheer your team.	Calm bonus: green light for a minute earns every team a point.
30–35	**Exit ticket**	Open game-maker/index.html?exit=1 (or ask any three questions). Pupils write answers 1, 2, 3 on their ticket. Show the answers on the board.	Write three answers; hand in the ticket at the door.	After the lesson mark the tickets: open the exit ticket marking screen on your own laptop (not the board) and tap ✓ or ✗.

Support. Use the word bank, read the gap sentence aloud with the partner, accept a short answer. Seat support pupils near the front with a stronger partner.
Stretch. Write two sentences with because, so or but. Ask a partner to find the mistake.
Check learning. The class tally shows which questions the class missed. The exit-ticket marks give each pupil a level (New, Learning, Known, Mastered). Look at the Revision board before the next lesson.
