Support. Use pictures and gestures; one word is enough at first; give sentence frames "She's in the ..."; partner whispers the answer.

Stretch. Add "How many ... are there?" with larger numbers; ask Is there ... ? questions to the class; describe a person without naming them.

Check learning. Teacher listens in the team game and at the exit ticket; note who can say a full sentence with There is / There are.

Book page numbers marked "p. ____" are to be filled in from the pupils' book. Teaching style: speaking before writing; TPR and movement; Smart Board touch and drag; puppet; team game; no translation.
